

ArmorCoat XT

TREATED TRIM PRODUCTS

XT POST

Comb-faced, primed and ready for paint, XT Posts signal the end of the pressure-treated post era.

4X4 XT POST

Net: 3-5/16" x 3-5/16"

Lengths:* 8', 10', 12'

Texture: C4S

6X6 XT POST

Net: 5-5/16" x 5-5/16"

Lengths:* 8', 10', 12'

Texture: C4S

8X8 XT POST

Net: 7-1/16" x 7-1/16"

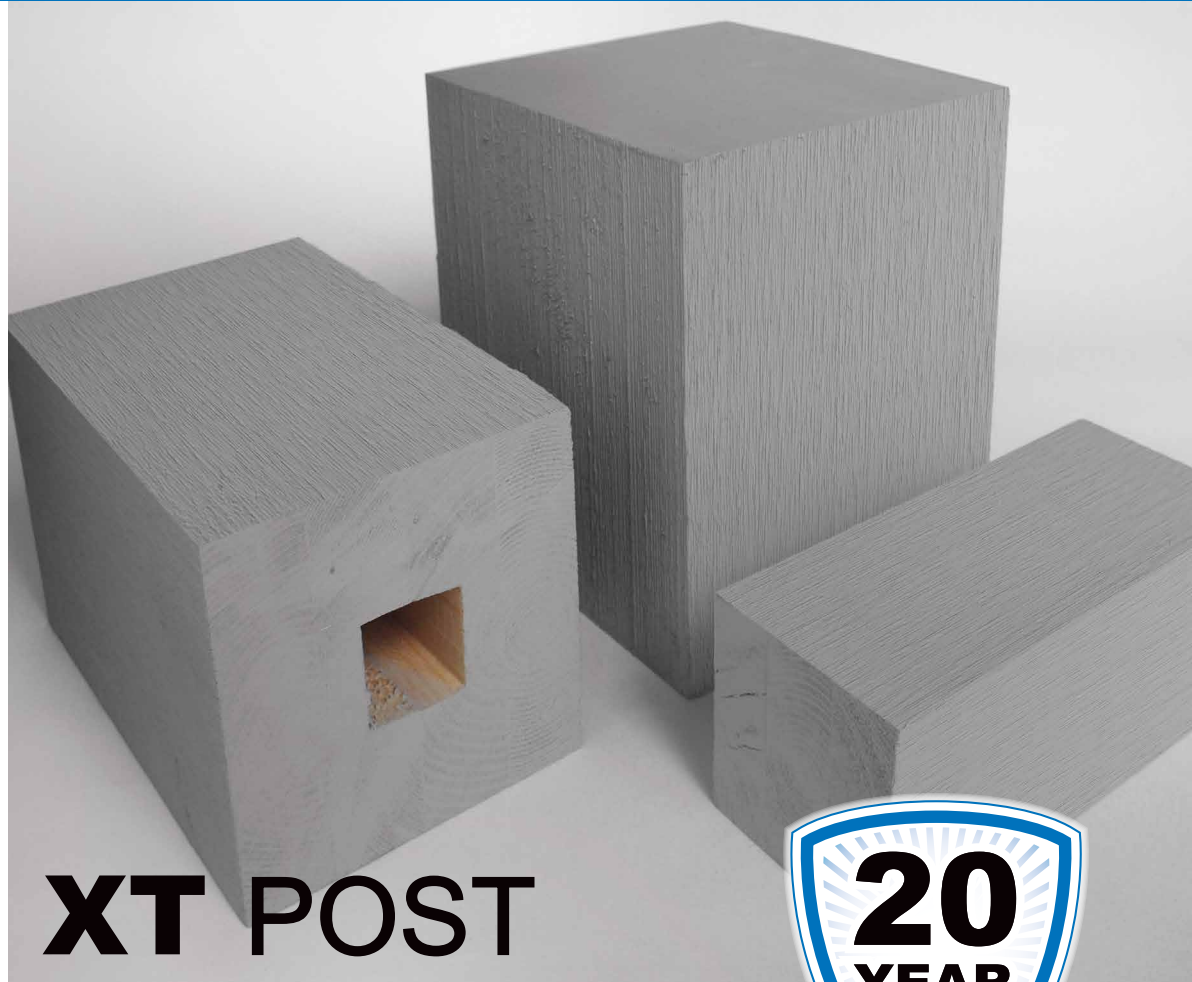

Lengths:* 8', 10', 12'

Texture: C4S

** Custom length available on request*

Ideal for:

- Porch posts
- Rail posts
- Gazebos
- Knee Braces

TREATED

- Featuring WOLMAN® AG, a water-based nonmetallic surface treatment

FUNCTIONAL

- Structural engineered columns provide greater stability and less warp than solid timber or hollow posts
- 6x6 and 8x8 products come standard with a conduit chase for lighting installation
- 20-year warranty against rot

COST EFFECTIVE

- Pre-primed, trimmed out post saves time and money during installation – no more column wrapping
- Metal free, non-corrosive treatment means no special tools or fasteners
- Less costly than fiberglass or aluminum alternatives
