

Naturally Beautiful, Versatile, and Built to Last.

Belco's Tongue & Groove (T&G) is crafted from solid natural wood, offering unmatched beauty and versatility for home exteriors. Designed with a superior appearance and precision manufacturing, this premium product enhances curb appeal while providing lasting performance.

Each board is expertly cut, dried as a natural one-inch blank, and molded to achieve a buttery smooth texture on both sides. The reversible profile ensures a 100% usable product, delivering exceptional value and effortless installation. With Belco T&G, you get timeless beauty, quality craftsmanship, and a durable solution for any exterior project.
